Dear Senator Feinstein,

The Bush Administration is supporting a counter-insurgency war in Colombia under the guise on the so-called "war on drugs." More military aid to Colombia will only make things worse for the people of Colombia and draw the US into a bloody civil war.

Please support amendments to the Andean Counterdrug Initiative that cut military aid to Colombia and its neighbors.

We are very concerned about this situation. Please write us back and let us know what other measures you are taking to safeguard the human rights of Colombian civilians.

Sincerely,

Jing Zhao, Research Fellow
